

# I was bitten today

CHILD'S NAME \_\_\_\_\_

DATE: \_\_\_\_\_

It Happened  Inside  Outside

Time: \_\_\_\_\_

Brief Description of Incident \_\_\_\_\_

Person Attending the Injury \_\_\_\_\_ Other Witness \_\_\_\_\_

Treatment Applied  Washed  First Aid  Band Aid  Ice

Rest  T.L.C.  Parents Were Called

Director's Signature \_\_\_\_\_

Biting is normal behavior for young children. They often bite when they are teething, overtired, jealous, frustrated, or angry. We understand how upsetting it is when your child has been bitten, but please know that the other parent has been notified and we are doing everything we can to re-direct and supervise the children in our care. Thank you for your patience and understanding.
