

WELCOME

Hi! I'm Dena! I help child care owners and directors create and operate a successful, thriving, profitable child care business while fostering a nurturing, supportive, stress-free environment for families and staff.

When my husband and I decided to enter into the child care industry over 20 years ago, we had no idea what we were getting into! We started from scratch...design, construction, licensing, staffing, enrolling, & everything in between!

After 20 years of much trial and error and many years of challenges, our center is now known for its consistent year-long waiting list, amazing work culture, and exceptional child care.

Although we have a successful center, it is still WORK! Oh, my word! With daily scheduling, daycare policies, dealing with staff turnover, state licensing, and upset parents, I have often second-guessed my career choice for sure!

For this reason, I have decided to share my knowledge and experiences with YOU, my friend! For the last 2 years, my signature child care business resources, documents, handbooks, and bundles have helped thousands of people all over the US and Canada start and enhance their child care businesses and I hope to help you with yours.

Please reach out if you need anything! I'm here to help.

All my best,

Dena
